AIR PURIFIER NAP101i

CONTEMPORARY MINIMALIST PURITY

Reflecting the beauty of simplicity, novita Air Purifier NAP101i scores with its contemporary minimalist design of clean lines and basic shapes. Befitting in any living space, NAP101i helps to purify its environment so allergies and respiratory ailments are kept at bay. The washable pre-filter targets large particles, while the HEPA type filter works to capture airborne particles. Unpleasant odors are then absorbed by the granular activated carbon filter. Finally, the process is completed with a built-in ionizer that emits negative ions for clean, fresh air. Breathe in and enjoy the purity of good air quality with novita Air Purifier NAP101i.
