**DRINK**

Hydrate the body with HydroPlus<sup>®</sup> Alkaline Antioxidant Water to neutralise an acidic body pH from a modern diet and lifestyle and also slow down the oxidation process. Feel revitalised and sufficiently hydrated with a higher stable oxygen content and smaller water molecules cluster size.

**COOK**

Incorporate HydroPlus<sup>®</sup> Alkaline Antioxidant Water into your cooking and food preparation. See and taste the difference as HydroPlus<sup>®</sup> Alkaline Antioxidant Water helps clean your ingredients more efficiently, retain freshness and maximises flavour!

**CLEAN**

Acidic water is useful for cleaning countertops in the kitchen and your kitchenware. For personal care, acidic water cleanses the skin effectively without stripping it of its natural oils and maintaining its natural pH.
